## Lisa Stansfield, Someday (I'm Coming Back)

Chorus:

Someday I'm coming back, and it won't be long
Before you call me and tell me to come home
Someday I'm coming back, and it won't be long
Before I'm home, home and in your arms
What did I do my darling? That made you send me running
Told you to cast me down and throw me out
What can I tell you honey, If I don't know what I've done
All I can hope is that you ask me to come back home
(Chorus)

Even in stormy weather, we always stick together
You always kept me near, we're so sincere
So why so sudden the change of heart
Why do I feel like I've done wrong?
When all that I want is that you ask me to come back home (Chorus)
Someday, someway (I never wanted anyone so much)

Someday, someway (Thever wanted anyone so much)
Someday, someway
What did I do my darling? That made you send me running

What did I do my darling? That made you send me running Told you to cast me down and throw me out What can I tell you honey, If I don't know what I've done All I can hope is that you ask me to come back home So why so sudden the change of heart Why do I feel like I've done wrong? When all that I want is that you ask me to come back home (Chorus to Fade)
