

Lisa Stansfield, Watch The Birdie

(D. Raye/G. Paul)

(Chorus)

Watch the birdie and take a camera candid shot

Watch the birdie, come on and give it all you got

Watch the birdie, just look around and pick a spot And hold it

(Chorus 2)

Watch the birdie, just strike a funny pose a while

Watch the birdie and you can beat that pose a mile

Watch the birdie, let me see your pretty smile And hold it

(Bridge)

Looking for a tall dark handsome man

With eyes of blue and golden tan

Strong white teeth like Joel McCrea

Hey you, get out of the way

(Chorus)

(Chorus)

(Chorus 2)

(Bridge)

(Chorus)

Watch the birdie

Watch the birdie
