Lit, A Place In The Sun

Gotta get that feeling
God I love this feeling
Someone come and stop me
Cuz this time I'm winning
I should have left you when I was up
I should have left you when I was up
Ishould've had enough sense to
Get up and leave this town
I should've had enough sense to
It was a turn around
Walking through the golden sands
I'm quenching my thirst
Jump in to the fountain and I'm goin' headfirst
I should have left you when I was up
I should have left you when I was up
I should've had enough sense to
Get up and leave this town
I should've had enough sense to
It was a turn around
Lost in a place in the sun
And it's going down
