

Lita Ford, Still Waitin'

You were my best friend
You never let me down
Whenever I needed you
You were always around

Those days are lost
Gone and thrown them away
You said it's over for you
But it ain't over for me

I'm still waitin'
Waitin' for you
I'm still waitin'
Waitin' for you

You drank my fine wine
You took my precious time
And you left me with nothin'
'Out a kiss
You were a bad move
What you tryin' to prove
With the way that ya treat me
I guess now I'm the fool

I'm still waitin'
Waitin' for you
I'm still waitin'
Waitin' for you

I'm still waitin'
Waitin' for you
I'm still waitin'
Waitin' for you

I tried, I tried to get on your best side
Playin' your game, I'll never give in
Don't throw our love away
You'll come runnin' back, beggin' for another day
If I can't hold on, then I can just be strong

I've been waitin'

Still waitin'
I'm still waitin'
I'm still waitin'
Waitin' for you, yeah!

I'm still waitin'
I'm still waitin'
I'm still waitin'
Waitin' for you
