

# Little Big Town, A Thousand Years

I still can't believe you're really here  
Wrapped up in my arms  
I've waited so long  
Just to hold you near  
And tell you all the feelings I have for you  
The reason that I want you  
And I want you to know

Where ever you go  
What ever the future holds  
No matter what tomorrow brings  
On Earth or the stars  
I will be where you are  
Holding you  
Now that I have you here  
I'll love you for a thousand years

Baby, even all of time and space  
Couldn't come between us  
Couldn't separate us  
From each other  
We're meant to be together  
I want to spend forever  
Forever in your eyes

Where ever you go  
What ever the future holds  
No matter what tomorrow brings  
On Earth or the stars  
I will be where you are  
Holding you  
Now that I have you here  
I'll love you for a thousand years

I will be here with you  
I will be loving you

Where ever you go  
What ever the future holds  
No matter what tomorrow brings  
On Earth or the stars  
I will be where you are  
Holding you  
Loving you  
Now that I have you here  
I'll love you for a thousand years
