

# Little Big Town, Good As Gone

There's a cold feelin'  
Runnin' up and down my spine  
It seems to say "we're just wastin' time"

Like it's a bad movie  
One I wish I'd never seen  
The plot gets old, do you know what I mean?  
Don't try to tell me it ain't what it is

(Chorus:)  
I'm good  
I'm good at seein' the signs  
I'm good at readin' between the lines  
No use in hangin' on  
'Cause you're good to go  
And baby I'm good as gone

On a lost highway  
I don't know how I got where I am  
Take the next Slopitsville exit ramp  
It's like a cheap vacation  
One I thought we planned very well  
Now we've checked out the lovely love hotel  
Don't try to tell me it ain't what it is.

(Chorus:)  
I'm good  
I'm good at seein' the signs  
I'm good at readin' between the lines  
No use in hangin' on  
'Cause you're good to go  
And baby I'm good as gone
