

Little Big Town, Good As Gone

There's a cold feelin'
Runnin' up and down my spine
It seems to say "we're just wastin' time"

Like its a bad movie
One I wish I'd never seen
The plot gets old, do you know what i mean?
Dont try to tell me it ain't what it is

(Chorus:)
I'm good
I'm good at seein' the signs
I'm good at readin' between the lines
No use in hangin' on
'Cause you're good to go
And baby I'm good as gone

On a lost highway
I don't know how I got where I am
Take the next spitsville exit ramp
It's like a cheap vacation
One I thought we planned very well
Now we've checked out the lovely love hotel
Dont't try to tell me it ain't what it is.

(Chorus:)
I'm good
I'm good at seein' the signs
I'm good at readin' between the lines
No use in hangin' on
'Cause you're good to go
And baby I'm good as gone
