

# Little Dragon, Klapp Klapp

Corridor lies with the river, all watery eyes  
I stand awaitin' for my turn, until it arrives  
The spirits blow around like a hurricane whip  
The girls don't mind my ice scream drip

Somebody found us dancin'  
You can turn off and feel better  
When everything's clear like cold weather  
Go feel better, feel better

Somebody from my heart said  
I could turn off and never wake up  
When everything's clear, my breath be  
Like speed break, for better

Fallin' apart, apart, apart, apart, apart

Finally they call my name  
The ghost inside can wake us to life  
Makin' my chair do flips  
By givin' into this we'll be saved every time

Fallin' through the floor on my broken butterfly wing  
Gimme me one more, the girl from the corridor sing, she sing  
I hear you want it, don't you?  
I know you want it, don't you? Don't you?  
I see you want it, don't you?  
I know you want it, don't you? Don't you?

Fallin' apart, apart, apart, apart, apart  
Fallin' apart, apart, apart, apart, apart

Somebody found us dancin'  
You can turn off and feel better  
When everything's clear like cold weather  
Go feel better, feel better

Do you want it? Do you want it? Do you want it? Do you want it?  
Do you? Do you? (She says) Do you? Do you?  
Do you want it? Do you want it? Do you want it? Do you want it?  
Do you? Do you? (She says) Do you? Do you?

Fallin' apart, apart, apart, apart, apart  
Fallin' apart, apart, apart, apart, apart
