

Little Green Cars, Big Red Dragon

The sky is red but I can't see the sun
And the moon had enough, there's a storm to come
I'm not gonna wait for it, oh my God
I'm not gonna wait for it, oh my God

The dogs are barkin', there's a ghost in the room
He throws the books off the shelves, turns the lights off too
Priest is standing there, he says he knows my God
Priest is standing there, he says he knows my God, knows my God

But still it shows (Oh, Oh, Oh)
Everybody knows
Who gets left behind
It's blown away by the wind then washed away by the tide
Why, why, why, why

Being dead is not as easy as it looks
You know I can't sit still, these pills that I took
Side effects they get the best of my rage
There's a Big Red Dragon comin' out of his cage

I packed up all my things and then I lost my bag
No matter how much I cry, I know I'll never get it back
Sorry girl for taking you for a ride
I just crashed the car and then I left you, yeah I left you aside

But still it shows (Oh, Oh, Oh)
Everybody knows
Who gets left behind
It's blown away by the wind then washed away by the tide
Why, why, why, why

I'm not gonna wait for it, Oh my God
I'm not gonna wait for it, Oh my God
I'm not gonna wait for it, Oh my God
I'm not gonna wait for it, Oh my God
I'm not gonna wait for it, Oh my God
I'm not gonna wait for it, Oh my God
I'm not gonna wait for it, Oh my God
Why, why, why, why
