

Little Mix, Mr Loverboy

[Men]:

You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my lover
Rockin'

[Jade]:

Lovin' you feel so right
From the way you kiss me
And how you hold me tight, no
And every day with you's a surprise
You put a smile on my face
Don't ever wanna have to say goodbye

[All]:

I can't lie

[Perrie]:

Yeah, you had me at hello
And there's something you should know baby

All]:

Boy you keep on blowing my mind
Caught up in my emotions
You could be my Mr Loverboy
The way you make me feel inside
Come back over and over
Won't you be my mr lover, mr lover boy?

[Men]:

You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my lover
I can be your love
You can be my lover

[Jesy]:

Stuck on something brand new
Got me second guessing
If it's really true
Blushing from cheek to cheek
And my knees are shaking
Got me feeling weak

[All]:

I can't lie
