

# Little River Band, Lead Me To Water

Feeling like winter  
Is this the way it's meant to be  
Stare out my window  
I see nothing but the trees

I don't like this feeling  
Just me on the border  
I just want to feel like home

Lead me to water, show me life  
Reach for that something that I can't find  
Take hold of my hand, bring me home tonight  
Lead me to water  
Walk to the daylight  
I see the end so far away  
Break through tomorrow  
It's just a game we all must play

She is so many memories  
She was all I ever knew  
I just wanna feel like home

Lead me to water, show me life  
Reach for that something that I can't find  
Take hold of my hand, bring me home tonight  
Lead me to water  
Better lead me to water

Lead me to water, show me life  
Reach for that something that I can't find  
Take hold of my hand, bring me home tonight

Lead me to water, show me life  
Reach for that something that I can't find  
Take hold of my hand, bring me home tonight  
Lead me to water
