Little Texas, My Love

Get on your mark, get set Ready or not here I come You've been looking for love Well honey, I can give you some When your world is standing still I can turn it around Put your head up in the clouds And pick your feet off the ground

Chorus:

My love
Are you ready for my love, my love
My love, my love is ready for you.
If you're looking for a heart that's always true
Only to you, then my love
My love, my love is ready for you.

Girl, I've heard it said that love is good for the soul I see the hunger in your eyes Burning out of control My love is overflowing from a loving cup Girl, I know you're down but love will lift you up.

(Chorus)

My love is overflowing from a loving cup Girl, I know your're down But love will lift you up

(Chorus)

My love, my love is ready for you... (x2)
