

Live, Take My Anthem

War in me War overseas
There ain't no difference between
Blood in me
Blood overseas
There ain't no difference between

The chills in your spine are oh, so sweet
People honor you so high
You've got to defend the stage at your feet
No!

Take, Take, Take my anthem today

Hands on me
Hands overseas
There ain't no difference between

Heart in me
Heart overseas
There ain't no difference between
