

LIZ PHAIR, Explain It To Me

Head underwater
Keeps getting harder
Give 'em your medicine
Fame injection
Tell him to jump higher
Tell him to run farther
Make him measure up
Decades longer than you
Piece it together
It's like weather
Watch him travel
Kiss the gravel
Tell him to jump higher
Tell him to run farther
Make him measure up
Ten times longer than you ever should
You never could explain them to me
Explain them to me
