

Lizz Wright, Get Together

Love is but the song we sing
Fear's the way we die
You can make the mountain dream
Or make the angels cry
Know the dove is on the wing
And you need not know why

Come on people now
Smile on your brother
Everybody get together
Try and love one another right now

Some will come and some will go
We will surely pass
When the one who left us here
Returns for us at last
We are but a moment's light
Fading in the grass

Come on people now
Smile on your brother
Everybody get together
Try and love one another right now

Right now

If you hear the song I sing
You must understand
You hold the key to love and fear
All in your trembling hand
Just one key unlocks them both
And it's there at your command

Come on people now
Smile on your brother
Everybody get together
Try and love one another right now

Come on people now
Smile on your brother
Everybody get together
Try and love one another right now
Yeah, yeah, right now
