'Cause you looking like a present
Is it your birthday, girl?

Gonna get it if you want it, it's free, ladies
Feel good when you rolling with me, don't it?
We here, we just had to believe on it
So glad we never worried 'bout the shit they say
My biggest flex is that my team the same

I started from the bottom with my hoes
Love y'all so fucking much
Don't mean to get emosh
You know me and Patròn
When you been through the most
You gotta do the most
So take it to the head and touch your ta-ta-toes
Yeah bitch, we 'bout to ga-ga-go

Brand new wig, better change your plans
When we get together, we don't got no man
We don't want no man, we don't need no man, hey
We can block these calls like all day
We ain't stalking nobody on a fake page
Better make way, shit

Love y'all so fucking much
Don't mean to get emosh
You know me and Patròn
When you been through the most
You gotta do the most
So take it to the head and touch your ta-ta-toes
Yeah bitch, we 'bout to ga-ga-go

Is it your birthday, girl?
'Cause you looking like a present
Is it your birthday, girl?
