

Lloyd Cole, Millionaire

Well she's a girl in a million
And I'm a millionaire
She wants to mother my children
I think I wanna marry her
Well I haven't got a lot of money
Got a full head of hair?
But she's a girl in a million
And I'm a millionaire

Her dad's a bigshot politician
Her mother she's a judge
And I'm a no good for nothing
And I'm the one that she loves
Well we haven't got a lot of money
Since daddy took the trust fund away
But she's a girl in a million

And I'm a millionaire
She's a goalgetter and I have to go and get her
She ought to know better could do better
But I'm the one that she loves
(go figure)

Hey hey hey
My fortune cookie says ah
She's a girl in a million
And I'm a millionaire
Yeah
She's a girl in a million yes
She's a girl in a million (I'm a millionaire)
She's a girl in a million, million, million, million, million, million
She's a girl in a million, yes she's a girl in a million, million
And I'm a millionaire
