

# Lo-Pro, Reach

I run away  
But never have to go far  
Cuz I know a place where I'll be (living in my head)  
Far away from everything

You'll never reach me  
Never see me  
Sinking any lower  
you'll never reach me  
Never see me  
And that's what makes me happy

Up here again  
I always win  
Cuz I know a way  
Cuz I know a place (living in my head)  
Far away from everything

You'll never reach me  
Never see me  
Sinking any lower  
you'll never reach me  
Never see me  
And that's what makes me happy

All around me  
I've heard empty faces  
Speaking empty words

You'll never reach me  
Never see me  
Sinking any lower  
you'll never reach me  
Never see me  
And that's what makes me happy
