

# Lobo, A Big Kid's Christmas

(Kent LaVoie/Billy Aerts)

They're watching their kids  
Watch their kids  
Tearing open gifts  
Hoping they remember everything  
On everyone's list  
Someone says hey grandma and grandpa  
This ones for you  
With a sparkle in their eyes  
They get all excited  
Like young children do

It's a big kids Christmas  
For a grown up boy and girl  
It's Jingle Bells and Silent Night  
And Joy To The world

Deck the halls, O' Tanenbaum  
And Oh Holy Night  
It's a big kids Christmas tonight  
And all the world is right

Grandpa says the blessing  
As grandma bows her head  
Dad now carves the turkey  
And every one gets fed  
Last night it was hard to sleep  
Like so many years ago  
So soon they're knapping on the couch  
With Apple pie still left to go

It's a big kids Christmas  
It's a big kids Christmas  
And the worlds so right
