

# Lobo, Come With Me

(Lobo)

Love I can see you now  
Like I've never seen you before  
Love I can hear you now  
Like I've never heard you before  
Ummmmmmm

So come with me  
Come away with me  
Ah come with me  
Ummmmmmm

Love I can touch you now  
Like I've never touched you before  
And love I can feel you now  
Like I've never felt you before  
Ohhhhhh

So come with me  
Come away with me  
So come with me

Love I can love you now  
Like I've never loved anything  
So come with me  
Come away with me  
Ah come with me  
Come away with me
