

Lobo Ismail, One More Night

The sea and the sky
And so lovely time
How sweet is the laughter
Love is the power
The music is fine
I can feel so nice
When I'm with you baby

The sea and the sky
And so lovely time
How sweet is the laughter
Love is the power
The music is fine
I can feel so nice
When I'm with you baby

Just one more night before goodbye
You'll be mine, and I'll be your baby
Just one more night before goodbye
You'll be mine, and I'll be your baby
Just one more night before goodbye
You'll be mine, and I'll be your baby
Just one more night before goodbye
You'll be mine, and I'll be your baby
I'll be your baby, I'll be your baby

Let's dance all the night
So sexy and sweet
Keep holding me tight
You know all what I need
The music is fine
I feel I can fly
Just with you baby

Let's dance all the night
So sexy and sweet
Keep holding me tight
You know all what I need
The music is fine
I feel I can fly
Just with you baby

Just one more night before goodbye
You'll be mine, and I'll be your baby
Just one more night before goodbye
You'll be mine, and I'll be your baby
Just one more night before goodbye
You'll be mine, and I'll be your baby
Just one more night before goodbye
You'll be mine, and I'll be your baby
