

Lobo, It's Everywhere

(Lobo)

You are the good and you are the bad
You are the best I've ever had
You're on the left and you're on the right
You are the day and you're every night

You're on the top and you're underneath
You're every where never out of reach
Now it may be right and it may be wrong
But every time I go you aren't alone

Your love is all around me it's everywhere
The thrill of you surrounds me like a fever in the air
I can feel you I can taste you
Even if you're not there
Your love is all around me it's everywhere

Your love's the words and your love's the rhyme
It is a tune playing in my mind
It's over here it's never there
Cos your love's a part I could never share

Your love is everywhere
