

Lobo, One And The Same Thing

(Lobo)

I knew you way before I ever met you
I pictured you before I saw your face
I know the things you do before you do them
You can't hide from me I'm every place.

I know more about you than you do yourself
I know what you're feeling in your heart
Don't go jiving me with all your crying
I got loving you down to an art.

You can't take the stars out of the night sky
You can't wear love off a wedding ring
I can't separate your love from life now
To me they are one and the same thing.

I know if you're joking or you mean it
I can tell if you aren't feeling well
I know what you need to keep you happy
If you ever doubt me I can tell.
