

# Lobo, She Knows Something

(Kent LaVoie)

She smiles and takes my hand so gently  
Then orders me around so confidently  
It makes my knees start to shake  
It's more than I can take

'Cause every now and then I get the feelin'  
She knows something that I don't  
She knows something that I don't know

The look I see in her eye you know it scares me  
It seems she's lookin' my way and seein' right through me  
It makes my mind go to sleep  
To know I'm in so deep

I know I'd do most anything she asks me  
I guess that's just love and that's the way it should be  
It makes me happy inside  
But she's got somethin' to hide
