

# Lobo, Tell Me Something I Don't Know

(Kent LaVoie / Billy Aerts)

I do appreciate you comin' here  
To check up on me and see how I am  
Yeh what you heard is true I screwed up  
She left me and now I'm alone

In your opinion she was the best thing in my life  
You think I should do  
Whatever it takes to make it right

Tell me something  
Tell me something I don't know  
Show me a better way  
A better way to go  
Help me get it right  
Don't just offer me the same old advice  
Tell me something  
Tell me something I don't know

I do appreciate you tellin' me  
How great she was and how dumb I am  
But I need to think about what I can do  
Not talk about what I have done

Let me say right here  
That I agree with you  
But we've said all this before  
Tell me something new
