

# Lobo, You're Healing My Heart

(S. LaVoie/B. Aerts/D. Goodman)

We Sat And Talked For Hours  
Never Mentioning His Name  
Though We Never Talked About Him  
He Was There Just The Same

It Took A While To Make Me Smile  
And Want To Love Again  
He Slipped Away A Little Each Day  
And Your Love Slipped In

You're Healing My Heart  
With Your Gentle Touch  
I'm Forgetting At Last  
You're Making The Past  
Not Hurt Quite So Much

You Pick Up The Pieces  
When I Fall Apart  
You're Loving Me Back Together Again  
You're Healing My Heart

I Still Dream About You  
Every Now And Then  
And Wake Up Feeling Lonely  
And Turn To You Again

You're Always There Willing To Share  
My Love Or My Tears  
You Tenderly Give Your Love To Me  
And He'll Disappear
