

Local H, Heaven On The Way Down

heaven on the way down
talk about a prime piece of real-estate
headin' all the way down
yeah, you know it's falling like an interest rate

jesus calls it even
you could have your home back no questions asked
a temporary way out
yeah, heaven's on the way down

sweet relief
pullin' teeth
soldier spy tipper tailor junkie thief
holdin' on
it won't be long
heaven's on the way down

heaven's on the way down
thinkin' that it's over

tarnished dreams of angels
nothin' like a cherub with a dirty face
figure all the angles
brother kill your brother for a parking space

jesus calls it even
you could have it all back if you want
cuz heaven's on the way down
yeah, heaven's on the way down

burn the flag
burn it black
Jackie Earl Haley's comet comin' back
soldier on
you read me wrong
heaven's on the way down
heaven's on the way down

sweet relief
fallin' free
i could spy a tailor sick junkie thief
speed of sound
it's comin' round
heaven's on the way down

heaven's on the way down
thinking that it's over

it's over
