

Local H, Pack Up The Cats : Deep Cuts

I dont know where i went
my brain is up for rent
I feel like my whole is spent
I dont know where i went

What do you do when its suddenly everywhere
What do you do when Nobody Really cares
What do you do when its Cool to Fuck with you
What do you do

when believe what they say about you
And even the things you know are not true
and you cant even ask yourself

I dont know where Im at
I think i killed my cat
I get these paranoia attacks
I dont know where Im at

WHAT!!!

What do you do When opinions are everywhere
What do you do whens its nothing you want to hear
What do you do when cant think what to do
What do you do

when believe what they say about you
And even the things you know are not true
and you cant even ask yourself

got to move on X3

what do you do when you dont know what to do X4 (got to move on (in background))
