

# Lock Up, Broken World

In unseen reams of genesis  
The seeds of revelation  
Sculptured carnage  
Clears the path to global domination

One step closer - to being alive  
We open our eyes - to a broken world

We are all God's madmen that's for sure  
Salesmen of salvation  
Living engines of destruction  
feed us to it's core

One step closer - to being alive  
We open our eyes - to a broken world
