

Lock Up, Horns of Venus

Sulfur demon
The horns of Venus
Rape the boy within the man
The horns of Venus - horns of Venus !

Deviate souls in rapture
The flesh that never rests
Behold the image of Venus
By carnal lust possessed

Sulfur demons - the horns of Venus
Rape the boy within the man
Sulfur demons - the horns of Venus
Rape the boy within the man

Inhaling winds of venom
Numb from living sin
Seducing shapes in violent rage
grandeur crowned in thorns
