

# Loggins & Messina, Listen To A Country Song

It's Saturday night and my daddy's up late  
Pickin' with my Uncle Bill  
The neighbors don't mind 'cause they have a good time  
Sippin' on my pappy's still  
Old brother Dan's got a fiddle in his hand  
Momma's on the mandolin  
When the music is right and the band gets tight  
You ought-a see 'em pick and grin

[Chorus:]

And everybody starts movin'  
To the sound of the guitar strums  
And everybody starts groovin'  
To the beat of the rhythm and drums  
So come along and let yourself really go  
???? while the feeling is good  
Just sip that wine, have a really good time  
And listen to a country song.

Old Sheriff Brown he never comes around  
Knocking on the old back door.  
As a matter of fact you can find him in the act  
Pickin' on the old banjo.  
Second cousin Jack sneaks up from the back  
Tries to get to sister Sue.  
Well she throws him on the ground without turning around  
'cause she knows a lotta jujitsu.

[Chorus 2x]
