

# Lolly, Telephone Boy

hum ha hum hum, hum ha hum ha hum ha hum ha (etc)  
oh pick up the phone, pick up the phone  
i'm waiting, argh, hello, pick up the phone  
i ring and ring but can't get through  
what's a girl supposed to do  
my telephone boy  
i dial and dial but get that tone  
i wish that he'd get off the phone  
my telephone boy

(\*)

so i call the operator - he says to try him later  
my telephone boy  
i think that it's such an outrage  
that he is always engaged  
my telephone boy

(chorus)

telephone boy, telephone boy, telephone boy  
he's my telephone boy  
la la la la la (repeat x4)  
so i try your mobile phone  
the message says try you at home  
my telephone boy  
and when i finally get through  
i get a machine instead of you  
my telephone boy

(repeat \*)

he tells me to call but it's always engaged  
i've tried and i've tried and i still can't get through  
oh get off the phone  
i'm waiting  
get off the phone, get off the phone

(repeat chorus to fade)
