

Long Beach Dub Allstars, It Ain't Easy

Long Beach Dub All-Stars - it aint easy

It aint easy, u know its hard, so hard
It aint easy, u know its hard, so hard
I got the message that u wont be around no more
It kind of got me into a panic
Cuz i dont know if i can take it without u
U know weve done so many things 2gether
But it seems that im gonna move on now
U know that im gonna keep on livin
But it wont b the same without u girl
It aint easy, u know its hard, so hard
You've got to know it aint easy, u know its hard, so hard
Theres a black hole in my heart
From all the times we spent ago
Its here and i wanted to tell u
Call me mellow but standin alone
Cuz when the green leaves grew between us
The light came shinin' through
Im becoming a better man because im losing you
It aint easy, u know its hard, so hard
You've got to know it aint easy, u know its hard, so hard
It aint easy when love is runnin' from you,
and you dont even know your own name
Lvin is comin'but you know that the subject will change
It aint easy, u know its hard, so hard
You got to know i aint easy, u know its hard, so hard
You've got to know, You've got to know, You've got to know,
it aint easy, u know its hard, it so hard
Well girl it aint easy, you know its hard, so hard
