

Loona, Baila Mi Ritmo (English Version)

Open your eyes
I can no longer hide
I'm falling in love with you now
All of my life I looked for this love
Wonderin' if I could find
Feel you my heart there's something inside
That tells me that you will be fine
Don't worry my love let your fears all behind
Let me love you tonight
I've been in love for so many times
But this time I know there is one of a kind
You are my destiny
You are my light
I need your love to be mine

Chorus:

Baila mi ritmo
And I'll be your baby tonight
Es amor para siempre

Ritmo

And I'll be your baby tonight
This love is forever

Ritmo

And I'll be your baby tonight
Amor para siempre

Ritmo

And I'll be you baby tonight
Es amor para siempre

You are the reason

I feel so alive

Got you 24 hours on my mind
Heartbreaks and tears emotional fears
are stories were leaving behind

Come on my baby please

don't hesitate

Forever our love will be mine

Don't worry my love

Gonna show you tonight

The sun, the moon and the sky

I've been in love for so many times

But this time I know there is one of a kind

You are my destiny

You are my light

I need your love to be mine

Chorus

Come with me

Let the arms of the night hold us tight

Stay with me

i need your embrace in my life

Chorus
