

# Lootpack, New Year's Resolution

My new year's resolution (check 1, 2)

This is my new year's resolution (check 1, 2)

Spontaneous freestyles are the solution (check 1, 2)

&quot;Crazy hip hop (check 1, 2) and you don't stop&quot;

Don't believe what you believe or believe what you believe

And end up being those MC's who be leaving

Don't believe what you believe, believe what you believe

And end up being those MC's who be leaving

Chorus:

For the new year I swear, this rhyme be rare when you hear

A Madlib drum, bass kick, snare

Wild Child compiles styles down for your ear

LP for you and yours, loud and clear

(Madlib)

When the first Lootpack era began a demo tape was formed

Unexpectedly, wack A&R's swarmed and started a cosmic storm

Everywhere I turned got burned thus learned I must earn

Full acknowledgement of this whole rap game on my own

Realizing I couldn't get mad at labels, labels weren't able

To see the rhythmic era Wild Child was throwing at the table

I said, Honestly, I couldn't get mad at a little blind person

Who would sleep on a Lootpack LP and ask me to define versing

I defy rehearsing, specifically I defy all those who apply cursing

To their limited freestyles they kick

When it's time to unlock those lyrical glock flows, I dip dip dive

Madlib rush from the left as we kick ish live

I can rhyme, (Oh yes I can rhyme)

A spontaneous freestylin' rhyme

(Spontaneous freestylin' rhyme)

I just concentrate on my ish (Concentrate on my ish)

Cuz I got props to get (Yes mad props to get)

Chorus:

For the new year I swear, this rhyme be rare when you hear

A Madlib drum, bass kick, snare

Wild Child compiles styles down for your ear

LP for you and yours, loud and clear

(Wild Child)

There's no advantage one gains when sustaining two faces

The disadvantage of being two-faced, you can't be in two places

Now who races against the law of physics supplying logic?

You can't avoid being destroyed by Wild Child, so why dodge it?

When it comes to dropping freestyles, Wild Child front and center

Like Jack Nicholson at Laker games, it's time for the Pack to enter

An atmosphere where most record labels be making clones

Preprogramming their artists so it's like it's all about making bones

I'm the type of MC to drop rhymes with the unexpected

Come with some unstereotype of rhymes that mad unpredicted

That type of artist, pointing out MC's who try to be the hardest

Props to the Jackson family for the influence they've taught us

Cuz I can rhyme, (Oh yes I can rhyme)

A spontaneous freestylin' rhyme

(Spontaneous freestylin' rhyme)

I just concentrate on my ish (Concentrate on my ish)

Cuz I got props to get (Yes mad props to get)
