

# Loraine McFarland, Better Days

## Verse 1

- Better days
- Seem so far away
- Maybe I will see them someday
- When the time has come for us to move
- Better days will be better soon
- Better days
- They seem so unreal
- They've been gone now I want them back
- Memories of when they were here
- Better days will be better soon
- 

## Coda

- Better days
- Seem so far away
- Maybe I will see them someday
- When the time has come for us to move
- Better days will be better soon
