

Loraine McFarland, Dear You Know Who

Verse 1

Did you love me oh
 Did you love me
 Don't think so
 Did you need me oh
 You didn't need me
 Now I know
 At first I did not fall for you
 Cause you were just too good to be true
 But then I thought that you could change
 It's been two months and you are still the same

Chorus

I just wanna say
 Thank you for nothing
 Thanks for acting like you cared
 When you didn't
 Now I know
 And see the real you
 I hope one day your heart will break into two
 This is for you
 This is for you baby
 This is for you
 Dear you know who

Verse 2

Oh
 You didn't think no
 No you didn't think that
 I did know
 I knew it all dear
 Yeah I knew it all dear
 Every girl
 You told me things I've never heard
 You made me feel so beautiful
 You told that me you'd stay with me
 In my mind all the time I knew that you'd leave

Coda

I guess I was right
 I guess I was right
 All about you
 You had me going
 For a little while
 Just awhile
 Did I love you oh
 Did I love you
 I didn't love you
 I played you to
