

Loraine McFarland, I Disown You

I disown you all
Oh dad
Oh dad
Oh dad

Verse 1
You left
Your gone
Life is strange that way
Lemme tell you what your missing out
You left
A star
Someone
Who could've helped you out someday
You made a big mistake

Chorus
You hurt my mom
And now your gonna pay
You hurt me to
But I won't suffer from your mistakes
And I don't really care
If you care about me at all
Starting now I disown you all
I disown you

Verse 2
No tears
I cried
Ever came because you left me
I'm not that dumb im not a fool
Do you know who
I am
Would you even notice me
Your a bitch that's all I see

Coda
As long as im breathing
As long as I know well
You'll never get a second chance
So die
