

Loraine McFarland, My Past

Verse 1

- My past makes me feel complete
- The memories are still there
- Maybe I just wanna return to my yesterday
- Cause theres nothing here that i'd miss
- Dreaming of the moment that always felt so good
- Being with a real family the way it should

Chorus

- Cause I won't forget the way we were
- Feeling love and never hurt
- No talk of dying did exist
- The holidays that ment so much
- Going over grandmas house but
- The loving now has slipped and gone away
- But my past is here to stay

Verse 2

- Growing up with a loving family
- Makes me sure miss what I had
- Promises were broken
- Eyes began to cry
- What I had began to die
- Leaving everything I knew
- My life was left behind
- I could hurt myself for leaving my cats behind

Coda

- I would change everything
- To bring back what I had
- (REPEAT CHORUS)
- But my past is here to stay (X2)
