

# Loraine McFarland, Unbelievable

## Verse 1

- You think you know me
- Even though we have never met
- You say im perfect
- The girl you'd spend your whole life with
- We have our up's and down's
- And I find it hard to believe
- After a few months
- Your so sure the one is me

## Chorus

- I love you so much too
- Want to grow up with you
- Those are somethings that you have gone and promised me
- You complete me and you
- Don't want me to leave
- This is unbelieve...
- Unbelievable to me
- Believe what I just say

## Verse 2

- You say your givin'
- Your giving me a promise ring
- But do I believe that
- When I feel the only one's not me
- Sometimes I just want to believe in all that you say
- But its so hard to do
- When it feels like you just play

## Coda

- Are you lying to me or telling the truth
- Cause I have had enough with boys like you
- You promise me the world then go and leave
- Oh boy you wanna get with me
- Don't wanna mess with me
- I love you so much too
- Want to grow up with you
- Those are somethings that you have gone and promised me
- Are you promising lies
- If so kiss my ass goodbye
- You complete me and you
- Don't want me to leave
- This is unbelievable
- Unbelievable to me
- Believe what I just say
