

Loraine McFarland, Wait

Verse 1

- Here's a little story
- This is how it goes
- I fell in love with this boy I sorta know
- At first I was crazy of someone else
- Then he finally told me
- He liked me
- Just a well
- Oh my god
- I need to go ahead and make him all my own

□ Chorus

- But I went and waited to long
- And he went found someone else
- Yet he still likes me
- And I still like him
- So I guess
- I'll just wait it out

□ Verse 2 □

- Relationships nowadays don't last long
- I hoping in a few weeks he sees he was wrong □
- I'm really trying hard to not just walk away
- Cause I really like him
- I wanna stay
- Like this
- I need to go ahead and still make him
- All my own

□ Coda

- I think we both know
- That you really like me
- So leave that other chick
- And come stay with me
