We all endure our daily war Like an automaton Return to zero Rewrite your law And join the gang Sing 3, 2, 1

Gonna paint the town pink Time to do, not to think Feel the devil pulsate in your veins Well, there's no guarantee What tomorrow will be So let's leave it tonight all in flames

Be you, be true, be keen No rules, no fools, no scene

Let it burn, motherfucker, let it burn
Let it hurt, let it rock and let it turn
Let it burn, motherfucker, let it burn
Let it burn, burn, burn, burn
Sing it, hey
Motherfucker, sing it, hey
Let it rock and sing it, hey
Motherfucker gonna burn, burn, burn, burn, burn

Unload all your regret
They're insured, I would guess
So whatever you smash will be fine
Let the rebel dictate
And destroy to create
Devastation is oh, so divine

Let it burn, motherfucker, let it burn
Let it hurt, let it rock and let it turn
Let it burn, motherfucker, let it burn
Let it burn, burn, burn, burn
Sing it, hey
Motherfucker, sing it, hey
Let it rock and sing it, hey
Motherfucker gonna burn, burn, burn, burn, burn

Break it down Break it down

Let it burn, motherfucker, let it burn Let it hurt, let it rock and let it turn Let it burn, motherfucker, let it burn Let it burn, burn, burn, burn, burn Sing it, hey Motherfucker, sing it, hey Let it rock and sing it, hey Motherfucker gonna burn

Hey Motherfucker, sing it, hey Let it rock and sing it, hey Motherfucker gonna burn, burn, burn, burn
