Lordi, Bringing Back The Balls To Rock

Attention class! - Here we come We kick your ass - That's lesson one I know you've been living in heresy Correction's what you need

Less isn't more - less is less The more, the better - the most, the best You gotta turn up the amps past overload Eardrums will explode

We are what we want to be Monsters of rock, we are for real Stand up for what you believe (and shout!)

Hail in the name of rock and roll
Hail in the name of rock and roll
Hail in the name of rock and roll
Bringing back the balls, bringing back the balls to rock

Breathing fire, spitting blood Biting off the heads of bats and doves Dragon boots and guillotines That's what I want to see

We're the SMF with metal hearts Got love machines, we're breaking the law We've got the looks that kill We're the youth gone wild We're the creatures of the night

We are what we want to be Monsters of rock, we are for real Stand up for what you believe (and shout!)

Hail in the name of rock and roll
Hail in the name of rock and roll
Hail in the name of rock and roll
Bringing back the balls, bringing back the balls to rock

Big drums, leather and chains Loud guitars, grimace and flames The two-finger signs Raised fists up high
