

# Lordi, Pet The Destroyer

Its breath intoxicating  
its ego suffocating  
its here in my house -  
tryin' to get out

its moves exhilarating  
tempers infuriating  
its no sage -  
rampage the cage

but youll be safe  
you can feed it - you wanna play?  
its almost tamed

Pet the destroyer  
My beast Le royal  
Pet my destroyer  
sweet killing machine  
Oh wont you please meet the beast?

Its stare infatuating  
im not exaggerating  
it breaks off the leash  
creature released

its jaws intimidating  
rage indiscriminating  
it looks kinda mad -  
(well this) looks kinda bad

this isnt safe, NO!  
i can feel it  
this isnt play  
it cant be in tamed

Pet the destroyer  
my beast le royal  
pet my destroyer  
sweet killing machine  
oh wont you please meet the beast?  
oh wont you please feed my beast?
