

# Lordi, The Chainsaw Buffet

You got your invitation  
A family dinner, and tonight you will meet

No need for hesitation, sugar  
We're gonna love you and it's all we can eat

The steaks ala carte mama makes from the heart  
And my pa's such a gourmet for gore  
Jammed eyes, bleeding herbs  
Banquet dining is worth dying for

At the chainsaw - chainsaw buffet  
The secret ingredient screams  
You're my main course  
At the chainsaw buffet  
Feed on man-eaters's cuisine

Mother said that you were a sweet chic  
Called upon your folks, and they'll join us for brunch

Nice day for a picnic  
They'll be delighted, only they are the lunch

The steaks ala carte mama makes from the heart  
And my pa's such a gourmet for gore  
Jammed eyes, bleeding herbs  
Banquet dining is worth dying for

Feed on man-eaters's cuisine
