Lorrie Morgan, Five Minutes

You look so disbelieving At my suitcase by the door My taxi's on its' way I can't take it anymore

Lately you've forgotten What loving me is about Well, now you've got five minutes To figure it out

CHORUS

You've got five minutes
To tell me what I've needed to hear
You've got five minutes
To show me that your really sincere
That's not much time to change my mind
It'll take a miracle no doubt
And you've got five minutes
To figure it out

Now I've got your attention Here's what I've got to say You'd better do some talking 'Cause my taxi's on its' way

We used to set the nights on fire Now everyday is the same But now you've got five minutes To kindle the flame

REPEAT CHORUS

BRIDGE

You can start with please don't leave me And end with I love you And if you'd only kiss me The way you used to do You could see a miracle come true

REPEAT CHORUS

TAG
You've still got five minutes
To figure it out
