

Los Lonely Boys, Se?orita

I've got to say there's something on my mind
About the way you've been for a long long time
You've got your mind set up on what your going to do
Let me tell you baby Momma didn't raise no fool
You're my little seniorita ..mas bonita
You got it going on hey hey hey
Momma warned me about a girl like you
Said a girl like that is gonna break your heart in two
Your sexy legs and hair and nasty looking walk
Stop right there Momma you know that's what I want
You're my little senioritamas bonita
