

Lost Prophets, Everyday Combat

YEAHHHH

Wooo

Bar Fight, week night

You don't look right, poor mite, no bite

Wake up, first light

This is what we live and what we see...

Dance club, strip light

Get drunk, no sight, watch it ignite

Live it up tonight

Nobody really cares, but it's not for me...(ITS NOT FOR ME)

So raise your glass my son(ITS NOT FOR ME)

We're telling everyone(ITS NOT FOR ME)

Living in everyday combat

Day to day commuter riot

Shot down, Dancing in the DMZ

(And we will)

Walk on, streets on fire

Caged in with razor wire

Shot down, living in the DMZ

Living in the DMZ

Times up, let's go, all that we know

Release tension, you're my hero

After dark, terror in the town high street

And I know you can't stop full throttle

Get involved mate, broken bottle

(Invasion) Panic on the cold concrete(ITS NOT FOR ME)

So raise your glass my son(ITS NOT FOR ME)

We're telling everyone...(ITS NOT FOR ME)

Living in everyday combat

Day to day, commuter riot

Shot down, dancing in the DMZ

(And we will)

Walk on, streets on fire

Caged in with razor wire

Shot down, living in the DMZ

Living in the DMZ

Living in the DMZ

Living in the DMZ

Right... Yeah...Woo...

Let's go

Living in everyday combat

Day to day, commuter riot

Shot down, dancing in the DMZ

(And we will)

Walk on, streets on fire

Caged in with razor wire

Shot down, living in the DMZ

Living in the DMZ

Oh yeah, oh yeah

Living in the DMZ

Oh right, oh yeah

Living in the DMZ

Don't think you're safe 'cause it's not over... [x16]
