

Lostprophets, We Are Godzilla, You Are Japan

I've heard all your whining
All this talk behind my back
The time is coming
The time is now for our attack
A new sun rising
A new one in your world of black
Don't try to stop this
You will break like glass

[bridge:]
Move over, son
Your time is done
The weak are trapped under our feet
The city's done
We see you run
Cause you can't take our heat

[chorus:]
Let's go
The only way we know
We're taking you out
(repeat x 3)

Did you not understand me
Were you not listening last time
A new day dawning
And we're taking back your life
You look so pathetic
Now we're taking back control
I'm sorry but we have to let you go

[bridge]

[chorus]

Now!
Taking you out
