

# Lou Gramm, Just Between You And Me

Staring at each other with accusing eyes  
Keep our voices low and don't act surprised  
If the word gets out, yeah, that's all right  
I know you're just looking for some sympathy  
But listen, you don't know how it gets back to me  
You're getting reckless, girl, but that's all right

Now don't you know that one cold word's gonna lead to another  
Then we'll have nowhere to go

Even if heaven and earth collide tonight  
We'll be all alone in a different light  
I don't care what the world can't see  
It's just between you and me  
You and me

I see telltale signs of a love in decline  
Should be something to say but we don't take the time  
And I don't understand, but that's all right  
Now you can turn the page or you can tear me apart  
Don't make an open book out of my private heart  
You should know better now, but that's all right

Don't you know that one cold word's gonna lead to another  
Then we'll have nowhere to go

Even if heaven and earth collide tonight  
We'll be all alone in a different light  
Now, I don't care what the world can't see  
It's just between you and me  
I said it's just between you and me

If we don't work this out, we won't recover  
We'll lose this soulful love for one another  
But with all I've heard and all I've seen  
I'm still lost in your mystery

Again we're staring at each other with accusing eyes  
Keep our voices low, don't act surprised  
If the word gets out, yeah, that's all right

And don't you know that one cold word's gonna lead to another  
And then we'll have nowhere to go

Even if heaven and earth collide tonight  
We'll be all alone in a different light  
Now, I don't care what the world can't see  
It's just between you and me

Even if heaven and earth collide tonight  
We'll be all alone in a different light  
Now, I don't care what the world can't see  
When it's just between you and me  
It's just between you and me  
You and me

Heaven and earth  
I don't understand  
Ooh, you're getting reckless, girl  
All alone  
One cold, cold word  
Could lead to another  
Heaven and earth  
All alone, all alone

Heaven and earth, oooh
